OSPITALITÀ ITALIANA
QUALITY APPROVED

Italian cuisine has developed through centuries of cultural, social and political changes, with roots as far back as the 4th century BC.

Italians' natural tendency to foster relationships and quality of life elevated the "cultura della tavola" to an art form, whose distinguishing features are quality and authenticity.

Today food constitutes a major pillar of the Italian culture, a heritage to be safeguarded and recognized against any type of alteration and falsification.

For this purpose Unioncamere (Union of Italian Chambers), Assocamerestero (Union of Chambers abroad) and ISNART (Istituto Nazionale Ricerche Turistiche) created "Ospitalità Italiana – Ristoranti nel Mondo", a certification conferred to quality Italian Restaurants all over the world.

Every Italian restaurant can apply for the Certificate provided that eligibility criteria are respected.
